

Arizona Congressional District 1 Communities Benefit From LSTA Funds

Federal funds administered by the Institute of Museum and Library Services provide access to electronic resources and literacy programs for all Arizona citizens. In addition, funds are distributed to community libraries through competitive subgrants. In 2015, CD 1 libraries used LSTA awards to:

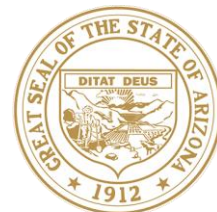

- Support families dealing with autism in Camp Verde.
- Improve early literacy collections in Navajo County.
- Help English as a Second Language learners incorporate technology skills in Casa Grande.
- Explore virtual reality as a change agent in Maricopa.

Virtual Reality project, Maricopa Public Library

This project addresses the need for early literacy development and resources in Clifton, Arizona. The public school and only preschool in town were closed at the end of the school year 2014. There is no plan to reopen. Because of LSTA funding, parents and their children will be encouraged to read and inspired to increase their literacy skills.
